

Multiplication Code Breaker

Solve each times-table fact, then turn the answer into a letter

ANSWER KEY

Grades 3–5 • 20 minutes • Beginner • Answer key included

Two skills in one: solve each multiplication fact, then turn the product into a letter using A=1, B=2, C=3 and so on to Z=26. For example $2 \times 3 = 6$, and the 6th letter is F. Solve the puzzles below, then read the letters to crack the mystery word.
